In an effort to reduce the environmental impact ...

There will be no Convention Books this year. Convention materials will be provided on CDs to reduce paper consumption and are available online for your convenience.

The facility for the 2010 Annual Convention, Monona Terrace, works hand-in-hand with the City of Madison as an involved supporter of sustainable efforts and environmentally-responsible operations. Monona Terrace is the first convention center to receive silver level certification under the U.S. Green Building Council's Leadership in Energy and Environmental Design for Existing Buildings (LEED - EB) rating system.

LEED promotes a whole-building approach to sustainability by recognizing performance in five key areas of human and environmental health: sustainable site development, water savings, energy and atmosphere, materials and resources, and indoor environmental quality. Water stations with recyclable cups have replaced the use of water bottles at the convention.

The Annual Convention Patrons Program raises funds to support an outstanding, yet affordable State Bar Convention.

The Annual Convention is the premiere event for Wisconsin's legal community, bringing together the largest gathering of Wisconsin lawyers for important networking and learning.

The profession benefits from this personal connection by building its expertise, enhancing its problem-solving skills, and contributing to civility among lawyers.

What kind of insurance company pays for your damaged property before you even report a claim?

Ask Ray and Sue Margraf. When a tornado ripped through their neighborhood, it left trees and power lines strewn throughout their yard and on their roof. The family left later that day to grab a bite to eat and while they were gone, West Bend's claim representative arrived at their home, inspected the damages, and left behind a check. She was gone before they returned ... an hour later.

Ray and Sue were stunned. What they thought would take weeks took only hours.

What they say is true ... Behind every storm cloud is a Silver Lining®. Because the worst brings out our best®.

You could save 10% on home and auto insurance as a member of the State Bar of Wisconsin. To find out more, call an independent insurance agency in your area that represents West Bend. Visit thesilverlining.com for the name of the agency nearest you.

In an effort to reduce the environmental impact ...
... the facility for the 2010 Annual Convention, Monona Terrace, works hand-in-hand with the City of Madison as an involved supporter of sustainable efforts and environmentally-responsible operations. Monona Terrace is the first convention center to receive silver level certification under the U.S. Green Building Council's Leadership in Energy and Environmental Design for Existing Buildings (LEED - EB) rating system. LEED promotes a whole-building approach to sustainability by recognizing performance in five key areas of human and environmental health: sustainable site development, water savings, energy and atmosphere, materials and resources, and indoor environmental quality.
