SENTENCING CONSIDERATIONS

If minor (under 16) passenger is in the vehicle, all fines, jail and revocations are doubled. Third and Fourth offenses become felonies.

-Driver Safety Plan Are Required in All Cases

-Fines & Forfeitures may be reduced in cases of inability to pay with reduction in amount applied to surcharge/plan costs.

-Plan may have victim awareness component including effect on victim and victim's family.

-Restitution may be ordered by the Court.

-Community Service MUST be ordered by the Court to reduce the fine or forfeiture if offender cannot pay fine. Court to determine amount of reduction in fine for each hour of community service work performed. Wis. Stat. §346.65(2g)(ag).

-Site Visits to Emergency Room or Alcohol Treatment Facility may be ordered.

-Points are assigned by the DMV in all cases (6).

-Huber privileges are NOT available unless the offender complies with Alcohol Surcharge, Ignition Interlock Orders, and Driver Safety Plan. (Exception for offender who cannot comply because of insufficient funds to obtain surcharge) Wis. Stat. §303.065(2m).

Effective 01/01/01, offenses committed before 01/01/89 are not counted for penalty purposes. For an offense occurring more than ten (10) years ago, but after 1988, a second offense is charged as a first offense, however, the offense remains on the record and a third offense is charged as a third offense. (Exception: Prior offenses for Homicide by Intoxicated Use of a Motor Vehicle, Wis. Stat. § 940.09(1), and Causing Great Bodily Harm by Intoxicated Use of a Motor Vehicle Wis. Stat. § 940.25, will be included without restriction as to the date of the offense.)

AGGRAVATING AND MITIGATING FACTORS

The guidelines which follow suggest what may be appropriate penalties in situations which are either aggravated and not aggravated. The presence or absence of mitigating or aggravating circumstances in each case will dictate into which of the two matrixes the case more readily fit.

If the mitigating factors dominate, then the "Not Aggravated" matrix would seem appropriate, with the degree of mitigation dictating the choice of what penalties, within the confines of the appropriate grid, ought to be imposed. If the aggravating factors dominate, then that matrix would seem appropriate, with the degree of aggravation dictating what penalties, within the confines of the appropriate grid, should be employed. Some examples of mitigating factors are:

- No evidence of unsafe driving other than intoxication
- No accident
- No or minimal prior offense record in Wisconsin and elsewhere
- Cooperation with arresting officers
- No injury to others
- No minor passengers
- Extrajudicial penalties (loss of job, etc.)
- Responsible efforts to deal with problem
- Low income (as to financial aspects of penalty only)

Some examples of aggravating factors are:

- Driving after revocation
- Accident
- Unsafe driving beyond mere intoxication
- Injury to others
- Prior uncounted offenses for OWI
- Lengthy prior driving record for other types of offenses
- Time and location of driving
- Interval since last offense
- Failure to comply with surcharge ordered in the past
- Lack of insurance coverage
