**2/69 A      Removal of judge's name from firm**

---

The Ethics Committee is of the opinion that the name of an attorney who is appointed or elected as a judge must be removed from the firm partnership name and letterhead immediately. The same applies to a professional service corporation. The fact that upon his appointment he has less than one year to serve before being subject to election would not change the committee's opinion which is in accord with the Canons of Professional Ethics and the proposed Code of Professional Responsibility. (2/17/69)
