
**2/70 B Removal of public official from firm
name**

It is improper for a law firm to continue to include in its firm name or on its letterhead the name of a full-time assistant district attorney who has been on leave of absence from the firm over one year. The standard in DR 2-102 (B) is whether the lawyer is away from the office in public service for any significant period of time and whether he is regularly actively practicing a member of the firm.
