# FISCAL YEAR 2025 CHARGEABLE ACTIVITIES

The activities listed in this document are those the State Bar of Wisconsin has identified as chargeable under *Keller v. State Bar of California* because they are necessarily or reasonably related to regulating the legal profession or improving the quality of legal services. These include activities that support the legal profession and the administration of the State Bar. Some activities may include both chargeable and nonchargeable components; where applicable, only the chargeable portion is included in the table.

Nonchargeable activities are separately accounted for in the State Bar's annual Keller dues rebate calculation.
